SB599

I am opposed to this bill. If an applicant is not required to provide a social security it will make it impossible to run a complete screening. As you know the credit bureau system requires a social security number. My screening criteria consist of credit screening, criminal history, rental history and employment information. If this bill passes it will require me to have inconsistent screening process. I strive to treat all applicants/tenants in the same manner. If this passes, I will not be able to provide a safe and secure environment for all of my tenants.
