

Submitter: Cynthia Velasquez

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: HB2596

Hello Representatives,

Please support the Interstate Compact for School Psychologists! Did you know we have a national shortage of school psychologists? This would help school psychologists moving from state to state and ease the transition from one state license to another. Our students depend on consistent support from school psychologists.

Thank you!

With kind regards,

Cynthia Velasquez
