Committee: Joint Committee On Ways and Means

Measure, Appointment or Topic: HB5006

I am writing in support full funding of OSU Statewides. Oregonians look to Public Service Programs for help and answers in these uncertain times. OSU Extension programs help industries and individuals. This list includes fishing, forestry, ranching, farming, fire safety, to name but a handful. Extension seeks to help all Oregonians and we will sorely miss the answers to pressing concerns without them!
