Measure, Appointment or Topic: HB5006

Dear Committee on Ways and Means,

As a 40 year resident in the Rogue Vallley/Jackson County I have been deeply involved in many organizations (Southern Oregon Housing for All, Unite Oregon, Justice and Peace Team of Medford United Church fo Christ, Jackson Care Connect Community Advisory Committee and City of Ashland Housing & Human Services Advisory Committee) that have a mission to support all our community's housing, health and human services needs. I am very supportive of SB 611 Food For All bill that will encourage food security for all regardless of immigration status. This legislation will provide food security to all reqardless of immigration status and is meeting a need that is growing as food costs continue to rise. Please fulling fund SB 611 For For All.
