I am writing in support of the Immigrant Justice Package.

What could be more important than protecting those people who work so hard in our country?

HB 3193 Farmworker Disaster Relief      Farmworkers feed us

HB 2976 Indigenous Language Justice      A matter of dignity

Universal Representation      A no brainer in these times

HB 5011 Home Fund      Everyone deserves a home

SB 611 Food for All Oregonians      Food sustains us

Thank you for supporting this important legislation.
