Shame on the Senate for having the gall to bring forward such a ridiculous bill. I have been trying to figure out their motives and the only thing I can think of is that they want to control the money. They want to punish a private company, tax them up the wazoo, and give the money away to their competitors. This is not the role of government nor should it ever be. There has got to be an ulterior motive. I'm thinking the Dems want all private media in their pocket, hook, line and sinker so they can control what the people hear and know. Do you have nothing better to do? Oh, I have an idea, why not do your job. You know, the one where you are supposed to serve the people, be fiscally responsible, tell the truth, live by the Golden Rule. Democrat senators, you are out of control and need to be reigned in. You are power hungry and want to control everyone and everything.
