

Submitter:

Kyle Huth

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB3489

Please pass HB3489 to make big timber companies pay their fair share to local communities and for the fire fighting services that they benefit from. Oregon has been struggling for years to fund its wildfire response efforts. Currently timber companies pay no severance tax in Oregon while neighboring states like Washington still have a timber severance tax and generate tens of millions more in revenue a year. Please vote yes on HB3489.
