Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB1166

Chair Jama, Vice-Chair Bonham, and members of the committee:

I urge you to support SB 1166, and I wanted to share my experiences as a driver with you.

Many drivers earn below minimum wage after expenses like gas, maintenance, and insurance.

Pay rates can change without notice, and drivers often don't know the full breakdown of what passengers are charged.

Drivers want transparency and a fair wage that reflects their work and costs.

Drivers can be deactivated (fired) without warning or explanation—often without a chance to appeal.

This is why I am supporting this bill and ask you to support it as well.

Respectfully,

Yared Robi
