

Submitter: Ahmad Shah Sarwari
On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB1166

Chair Jama, Vice-Chair Bonham, and members of the committee:

When I started in 2018, drivers were making at least 65% of the rider fare. Now, we are not getting anywhere close to that, maybe half. Gas is more expensive and so are my other expenses. The money I am making is not enough to pay my bills or live or support my family.

The pay is too low, especially when we are exposed to strangers who may misbehave, or put us in danger. Please pass Senate Bill 1166.

Thank you,

Ahmad Shah Sarwari
