

Submitter: Shannon Hegemann
On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB1166

Chair Jama, Vice-Chair Bonham, and members of the committee:

I believe drivers need fair pay because not only are we providing a service to people that may be under the influence after having a good time with their friends and family at a party or a bar, but we are providing transportation all hours of the day and night. We are here as a good listener when in need during a ride and we are here to help people get to and from their destination safely. Please pass Senate Bill 1166.

Thank you,

Shannon Hegemann
Driver with Lyft and Uber
