Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB1166

Dear Chair Jama, Vice-Chair Bonham, and members of the committee:

All of us have families and we are risking our lives every day during summer and winter. Even when it's snowing, we're out there helping our clients with their movement.

WE NEED FAIR PAY! And we need deactivation protections, benefits, safety, and a voice. We have families depending on us, our lives are at risk. We need protection. We need SB 1166.

Thank you for your time,
