

Submitter:

Mohamed Drissi

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1166

Chair Jama, Vice-Chair Bonham, and members of the committee:

While we're investing a lot of time on the road instead of being with our families, at the end of the day a false report from an unknown rider can put an end to your only source of income!! And there is nobody out there to listen to you or ask you what happened!? You get deactivated without even being contacted to explain yourself.

Therefore, we must insist on fair pay, no unlawful deactivation, and benefits recompensing our efforts. We must pass SB 1166.

Sincerely,

Mohamed Drissi
