

Submitter:

Ben Nadeau

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB3940

The brewing industry is already being hit hard with increases in all areas of COGS (raw materials, aluminum, wages, health care, etc.). HB3940 is kicking the industry while we're down! We will continue to see breweries across the state shut their doors due to the mentioned cost increases, HB3940 will only expedite that trend.
