

Submitter: Chris Evans

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB1166

Chair Jama, Vice-Chair Bonham, and members of the committee,

Many people like myself drive full time to support their families and pay their bills. I have no other choice, because I need to be flexible with when I can work so I can take care of my young children and get them to and from school and take care of them. Lyft and Uber every year take away earning benefits and decrease pay making it harder to make a living. We need the fairness and protections in SB 1166. Please support this bill.

Thank you,

Chris Evans  
Uber and Lyft driver
