

Submitter: Ronald Lobo

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB1166

Chair Jama, Vice-Chair Bonham, and members of the committee,

Driving since 2017, I have noticed Uber/Lyft are not fair with the drivers. They keep cutting our pay. It looks like Uber/Lyft are competing with each other, but in reality both the ride share companies charge riders surge and don't pay the drivers. I have calculated they keep sixty percent of the fare. Also, the cost of living in this eight years have skyrocketed, but we are getting paid less than what we used to get paid. They also removed the bonuses which use to be between \$200 to \$400 weekly.

I am asking you to support SB 1166 to address these issues and ensure fairness in the rideshare industry.

Thank you,

Ronald Lobo  
Uber, Lyft driver
