Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB1166

Dear Chair Jama, Vice-Chair Bonham, and members of the committee,

As rideshare drivers, we provide a very needed service, and we are personally accountable for our actions. I believe we provide even better service than taxis. We deserve the same protections as any other worker. Don't let Lyft take advantage of its workers' lack of protections. Please pass Senate Bill 1166.

Thank you,

Jason Trebolo
