Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1166

Chair Jama, Vice-Chair Bonham, and members of the committee:

I have been driving for Uber over 4 years, I have good ratings and good feedback. However in 2020 somebody reported me without me doing anything. I know very well Uber's community guidelines. I always follow that, also I have a lot of customer service experience. But Uber deactivated my account with that false report. That day, that month, that year was a difficult time for me and for my family. We need change. Please pass SB 1166.

Sincerely,
Gemechu Duguma
