Measure, Appointment or Topic: SB1166

Dear Chair Jama, Vice-Chair Bonham, and members of the committee,

Uber & Lyft have all of these ways in which they control drivers; it's crazy! I can't accept every trip if it doesn't make sense to me. I got automatically assigned to take a few riders out to the airport, but without knowing where they were going. I declined them because I need to be able to make informed decisions about my work, and the company made it so I can't take any airport trips! We rely heavily on them to be able to make money, which we barely do since the pay is so low. Drivers don't deserve this kind of treatment; we are important to the success of their business. However, they just treat us like they don't care about drivers. Please support fairness for drivers and pass Senate Bill 1166.

Thank you,

Andrei Lourenco
Uber & Lyft driver
