Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB1166

Chair Jama, Vice-Chair Bonham, and members of the committee,

Uber needs to be more informative before deactivating. They treat the drivers like trash. I've been a driver 11 years, and Uber has gotten worse. We make their money. Uber told me from day one, as I was the first driver in Eugene in 2014, their great saying was WE HAVE YOUR BACK... no, they don't have our backs, period. Lyft is even worse and nothing happens to these people when they just deactivate. They make no effort to contact drivers, they email, not very personal. I was on the news for Uber in 2014 and went to every city council meeting, and for what? We need Senate Bill 1166.

Sincerely,

Brenda Laird
