

Submitter: Michael Bourseau  
On Behalf Of:  
Committee: Senate Committee On Rules  
Measure, Appointment or Topic: SB1166

Chair Jama, Vice-Chair Bonham, and members of the committee:

Rideshare drivers shouldn't be treated as second-class citizens. The fundamental protections that are afforded workers in our democracy should extend to rideshare drivers as well since they are treated as employees and not as contractors. Please support SB 1166's worker protections for rideshare drivers.

Sincerely,
