Please support SB 808. It is long overdue to provide hiring and promotion preferences in public employment for those that have served this state and country. Oregon National Guard members have always been ready to answer the call for any and all state and federal active duty. And whether it was active duty or training to stay proficient at their assigned duties, they left their families to perform those duties when called upon. Seems like a small gesture of thanks on Oregon's behalf to extend these preferences to the men and women former and current members of the Oregon National Guard.
