Wildfire

Measure, Appointment or Topic: HB3910

Thank you for reading this testimony

I oppose another another water bill, in fact 3-in-1. Storm water, Watershed and Potable water issues under oneroof has no pros and a lot of and cons. The individual Funding sources are most certain to be intertwined and this will be problematic to the ratepayers.

Again, this is an attempt to create a tight-fisted regulation on any/all waters an individual or household requires for life, farming, ranching.

I oppose this bill and ask that this, another governmental overreach bill - be removed utterly.
