

Submitter:	cynthia mahoney
On Behalf Of:	farmers and ranchers
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	HB2801

I oppose this bill

How many bills and measures have been put forward to the detriment of residents with wells, residents who own farms and ranches? A LOT.

Consider CAFO

Consider last year's well water for garden/farm restrictions 5000/1/2 acre (now 3000gal/half acre)

House Bill 3372 - restrictions similar to what we are seeing proposed again this session

Pushing forward measures like these only benefit other states or countries to sell us produce untested such as banned pesticides in the US but not in other countries. This also strips farmers and ranchers of their abilities - a point I have made several times in similar measures In This Session - which will strip them of their land to go to... who, Monsanto? and their livelihoods.
