Please support the passage of SB 951, an if possible, change to include any legislator owning ANY shares in a company/corporation ineligible to vote on Any measure promoting said business/company/corporation so that loop holes will be closed. Consider making said legislators in breach of the statute if any stocks or membership is acquired with three years of the passage of legislation prohibiting inclusion in any way. This will, hopefully, eliminate any collusion or ability to profit from such legislation. Therefore I am in support of this bill, but strongly hoping for more stringency.
