House Committee On Revenue

Measure, Appointment or Topic:

HB3489

In regard HB3489, as the owner of a small woodland (100+acres) I am opposed to this bill. This bill puts an undue burden on people like myself who want to keep the property in the family. Since I am now retired and the land was harvested when my parents were alive it will be another 20 years or so before it can be harvested again, the present system works well for me and others. The wildfire issue should be considered from a statewide issue since towns can burn too,
