A well-intentioned measure with multiple redundancies and worse, so much regulation, these already highly regulated adult foster care homes will be further burdened into homelessness. I oppose this bill for reasons of the representatives and senators not evaluating the measure closely enough. It would be at the least appropriate to visit 300 adult care homes before putting this before the board. Really. Do your research because I don't believe you have.

I have been to many foster care homes to evaluate patients and this regulatory measure is over-the-top redundant. Once upon a time I worked in a 5 star nursing home with the understanding of what was required by a foster care facility. My husband, years back, had 3 foster care homes, 5 star rating at a level 3. So I understand what the state already does.

This measure is not needed and just another tax.

I OPPOSE THIS MEASURE STRONGLY
