On Behalf Of:

Committee: House Committee On Behavioral Health and Health
Care

Measure, Appointment or Topic: SB951

I strongly urge you to support this bill. It is critical that we reign in corporate power over our health care system. We need these services to keep us healthy and safe. The health care system must be taking direction from patients and practitioners, not corporate entities looking to make a profit off of illness. This is a matter of life and death, of hope versus despair, and of financial necessity for Oregonians. These issues are intimate and important to all of us. I encourage you to listen to widespread public opinion absolutely pleading for American healthcare to become more affordable, humane, and effective.
