

Submitter: Michelle Schimpke

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure, Appointment or Topic: SB951

I am fully in support of this bill, and more, protecting our health care from corporations. I have complex health issues and have been fighting to get insurance coverage for all of the testing and supports I need to stay healthy. Insurance companies and special interest groups should never be able to decide what medical procedures are covered by health insurance. Keep health care between the patient and their doctor. No one else!
