We urge you to vote against the Bill HB3838, this Monday the 28th. This bill will have an egregious effect on all care facilities across our state, especially the small AFH. Small owner operated facilities over time have been extremely scrutinize and are constantly monitored with regular inspections and new rules being implemented/imposed. Under the current micromanagement of these homes, Bill HB3838 will cause a shutdown influx of facilities across the state. Under such circumstances we can only imagine the overwhelming neglect that will happen in our health care system. We cannot allow HB3838 affect the care of our most vulnerable. I plead that you would vote NO on HB3838 preserving the great AFH community which are 2nd-3rd generation owned, and have dedicated all their efforts to provide high quality care for all.
