Measure, Appointment or Topic: SB1191

Dear Lawmakers,

My name is Chad Kernutt and I urge you to vote NO on SB-1191 which attempts to shield people from the crime of assisting and coaching criminal illegal immigrants to shield them from deportation. Federal law prohibits unauthorized immigration consultants who provide immigration advice to non-citizens to help them avoid being charged of crimes under federal law or deported for their illegal entry. Illegal entry into the U.S. is a federal criminal crime according to US code title 8 section 1325. Coaching illegal immigrants on what to say, such as making false asylum claims and lying to law enforcement and government officials, to avoid these charges and deportation is a federal crime. We have something in our constitution called federal supremacy laws, meaning that federal law trumps and overrides state laws. The Oregon government under democrat rule has already violated federal laws in making our state a sanctuary for criminals who have trespassed into our country, and yes that is what you are when you violate this countries laws. No matter how much democrats try to rewrite the laws and the constitution of this country, it will not absolve them of violating federal supremacy laws. This bill is just another avenue and attempt for our liberal government to thumb their nose at the constitution and the countries laws and try to shield their rogue attempts to shield people from being charged with crimes and deported for their law breaking. Democrats have a long history of violating the law and the constitution and rebelling and going their own ways going all the way back to the Civil War when they wanted to keep slavery in practice and said they should be able to under states rights, again violating federal supremacy laws. Oregon democrats in control of the government are so committed to the madness of their ideology and violations of the law that they have ordered our local and state law enforcement to not communicate with federal law enforcement with regards to discussing criminal illegal immigrants who have committed felonies including crimes of physical and sexual violence and to defy federal law enforcement with regards to criminal illegal felons forcing our jails and prisons to turn them back out into the community instead of rightfully and lawfully deporting them. We have threatened our law enforcement with their jobs and charges if they follow the federal supremacy laws and cooperate with federal law enforcement. This lawlessness, unconstitutional behavior, and rebel mind frame has to stop. We have to be a country of law and order and stop rewarding criminals and the breaking of laws as well as the encouraging of people to do so and shield them from accountability and justice. Please vote NO on SB-1191 and follow the law and the constitution which was made for and by WE THE PEOPLE, the citizens of this country. Thank you.

Sincerely,
Chad Kernutt
