

Submitter: Julie Stewart

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure, Appointment or Topic: SB951

I strongly support this measure. We need better outcomes for patients, not better outcomes for profit-driven ownership entities. Physicians must be free to discuss all options for care they consider to be in the best interests of their patients.

Yes, fraud and waste are a big problem for Big Medicine, but authoritarian actions and arbitrary case management aren't the solution.
