

Submitter: Daniel Schumaker

On Behalf Of:

Committee: House Committee On Behavioral Health and Health
Care

Measure, Appointment or Topic: SB951

I am writing in support of SB 951, in support of medical professionals making medical decisions that matter most to patients. I do not want private equity firms and the like influencing my doctor, who should have nothing but my best interest in mind. And I want my doctor legally protected if she speaks out about managed care influences that force doctors to make decisions that run contrary to her best judgment.
