**RE: SB 5525, Higher Education Coordinating Commission – Public Universities**

Co-Chairs Sollman and Ruiz and the members of the Committee,

I would like to extend my letter of support for SB 55255. The program supports an environment (ATAMI building) that enables our start-up company to complete research and development required for moving to production capability. All of which creates new high-tech jobs for the state of Oregon.

Tim Koch
