HB2586

I strongly oppose HB2586. Those seeking asylum need to first take care of becoming a US citizen. The disparity that this bill would create is not acceptable. The fact that a non-citizens would get a break on tuition and fees, and yet a US citizen from another state would not, is unfair and costly. It is also unfair and costly when resources for higher education are diverted from in-state students to asylum seekers. Please vote NO on this bill.
