Please support SB 798. Not all states have the same type of units, requiring specialized skill sets. Providing incentives such as state school tuition costs, would entice those from neighboring states to look favorably upon serving in the Oregon National Guard. Even to move to Oregon to serve and go to school. One more tool in the tool box for recruiters to get and maintain unit strength, which ultimately provides more federal funding for the Oregon National Guard.

Thank you for your support,
