

Submitter:	Rachel Nordenhok
On Behalf Of:	Oregon Citizens
Committee:	Senate Committee On Education
Measure, Appointment or Topic:	HB2586

Dear Senators,

Please oppose this bill. Your priority is supposed to be to Oregon Citizens, not to people here illegally. I can say that our OWN children of college age, and are citizens, and may have a smaller amount of pigment in their skin, get absolutely NO help to pay their way through college. This bill needs to be stopped.

Thank you for your time,

RN
