My name is Garlene Logan and I am a member of American Association of University Women of Oregon. I write this letter in strong support of House Bill 3187

After graduation from the University of Oregon I worked as a Protective Service worker for Lane County Oregon, and then was home with young children.

Twenty five years after my first degree I completed a MBA degree in Finance from UofOregon. Though I competed well with much younger students in the masters program, I did not find the same reception and opportunity as my classmates who moved into leadership positions at banks and other financial institutions.
