

Submitter: Chris Lantagne

On Behalf Of:

Committee: House Committee On Higher Education and Workforce
Development

Measure, Appointment or Topic: SB798

Please support this measure. It adds one more tool to improve retention and recruiting. One more reason for our service members who either live just across the border or around the country to remain in the Oregon National Guard and remain connected to Oregon. Please continue to support your Oregon National Guard members and their families. This is particularly important to me as an Oregon National Guard member who lives out of state.
