Measure, Appointment or Topic: HB3838

As an adult foster care home provider, Bill 3838 would negatively impact my ability to deliver high-quality, personalized care. The proposed changes would increase administrative burdens, reduce flexibility in meeting individual client needs, and create financial pressures that make it harder for small, community-based homes like mine to operate. If this bill is passed, I will be forced to close my home and displace five medically fragile individuals who rely on my care. I urge legislators to consider how these measures could unintentionally harm vulnerable adults who rely on stable, supportive living environments.
