I am opposed to the bill . I am a small 5 bedroom adult care home. I've been running it for 11+ years .

This would create a burden on adult care homes .

We are not big facilities and we do not have the income like larger settings . Last month I had 2 deaths and had to

Pay 2 referral agencies 120% of both referrals .

After paying my employees I hardly stayed afloat . Yes, not all months are like that but when we are on a limited budget we don't get the perks of larger settings to offer some of what is being asked. We feel like we are so regulated that honestly personally I would walk away from this line of work as the stress and requirements have gotten to be too much .
