HB3838

I have been an adult care home provider since 2000 and through this bill it will cause me huge financial burdens that may end in closing my home. Me and my husband have worked tirelessly to provide the community with a safe, quiet and loving home for our residents and their family's. The bill 3838 will not only burden me and my family but will cause my residents to have to carry the price of the astonishing cost that this bill is forcing us as a small business to pay. We have limited resources and limited amount of residents we can keep in our care home, we do not have large margins which make us handsomely wealthy. Please consider mine and many of my peers testimonies when voting for a bill that will not only kill our small business but put thousands of elders looking for a place to be cared for.
