Committee: House Committee On Rules

Measure, Appointment or Topic: HB3838

I urge your STRONG OPPOSITION to HB 3838 with the -3 Amendment, the long-term care, and the IDD Worker, adult foster care Standard Board. Our opposition was well framed in the 4/28 House Rules Committee and we urge you to listen to that hearing.

We also understand there is significant pressure to advance this Board and if that is the outcome then we urge you to at a minimum:

- Make the Board ADVISORY
 - Make the Board balanced by removing State Agency votes
 - Ensure the fiscal review of proposed policies is required and real
- do not give people our private pay stubs. This is scary to people they do not want to be on any type of list. This will deeply impact our immigrant community of worker, and they will not comply and we will lose workers..

Without these changes this policy presents nothing but new unfunded costs and confusing mandates on these care settings and we urge your NO vote.
