As an Adult Foster Home Provider, I strongly oppose to the idea of unionizing the long term care family business.

All their presented ideas are irrelevant for us, we are heavily monitored and regulated by the County and State.

Our caregivers have specific requirements that have to be submitted before they start working as caregivers.

We can barely survive as it is, as small businesses, there is absolutely no need for extra expenses to support an additional agency, for our so limited funds.

Please vote NO!

Thank you.
