On Behalf Of: Michelle and Steve adult foster care home
Committee: House Committee On Rules
Measure, Appointment or Topic: HB3838

My husband, children and I have operated an adult care home for 25 years and it would be a disaster for us if HB3838 passed. We've worked so hard to provide the best possible care for the elderly here in Rockwood. Our small business cannot afford to follow the new rules proposed in the bill without hemorrhaging money or passing the great cost onto our residents. This is not a large staffed facility with 20 or more residents, this is a family home. We do not have limitless funds and resources. This bill will destroy many small businesses like mine and remove even more options from the elderly who do not have many options for high quality, affordable care these days. Please, I urge our legislators to consider mine and our peers situations.
