Measure, Appointment or Topic: HB3838

Working in the hospital as an RN, I see all sorts of patients who come from nursing homes, assisted living facilities, and adult foster homes. They are always, by far, treated better in adult foster homes. These adult foster homes are so helpful for the geriatric population here in Oregon. They allow them to get the care they need, in a home like environment. Unionization of adult care homes will seriously inhibit the adult care homes from operating at their full potential. It is not supportive to the operators of these care homes. I am personally worried that this bill will make these adult foster cares fail.
