Measure, Appointment or Topic:

HB3838

To Whom It May Concern:

I own a care home in Klamath Falls; I am adamantly opposed to House Bill 3838.

The requirements in this bill would most likely put me out of business or cost the state of Oregon a tremendous amount of money. Care homes have a very small profit margin and there is not a feasible way for care homes to pay for everything this bill would require from us unless the state of Oregon gave every care home in Oregon a substantial raise. Care homes are paid the least amount of money for the care we provide. If my care home went out of business my residents would have to be moved into a setting that would cost thousands more for the state because all of my residents are Medicaid. I am just one example and there are about 1800 care homes in Oregon. I urge you to vote no on house bill 3838
