House Committee On Rules

Measure, Appointment or Topic:

HB3838

Dear House Committee on Rules,

I oppose this bill. We don't need more layers of government. More layers equals more wasted tax payer money. I know there are those that support this bill based on what was happening during the COVID shutdown. Unfortunately the real problems were the result of the shutdown. Don't unfairly harm these workers with new regulations. That will create a greater shortage of care homes and workers. We don't need HB 3838. Please vote no.
