

Submitter: Kimberly Leggett

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: HB3624

When deciding to homeschool our children, we "Counted the costs." We know that there will be many costs along the way, curriculum, testing, ect. That was a choice we made.

Is having the ESD pay for state testing potentially worth the over reach that will possibly follow. NO.

I oppose this bill and ask you to vote AGAINST HB3624.
