SB 1098 is designed to destroy our children's minds and morality. Children get bombarded every day with sexual content on television and movies. Even so called children's movies have been sexualized. Pornography has no place in our children's schools. As far as the emergency clause in this bill, goes to show that the writers of this bill have absolutely no moral code.

This is an outrageous bill and should not go any further. If you have any morals left do not vote for this bill.
