

Submitter:	Jeff Kropf
On Behalf Of:	This bill leaves porn in our schools
Committee:	House Committee On Education
Measure, Appointment or Topic:	SB1098

I oppose this bill as it effectively makes it nearly impossible to remove actual pornographic and sexually explicit materials from our K-12 schools that exists in them today. Some of this material cannot be submitted as exhibits in legislative hearings or even read aloud on the floor of the House or Senate because it violates obscenity rules. So adults can't talk about it in public but kids can hear it or look at it in public schools? It makes no common sense. Just vote no.
